

2015 eQMs Annual Updates Now Available

Now available in the [eCQI Resource Center](#): the 2015 annual updates for the 2014 electronic clinical quality measures (eQMs).

Updated measure specifications include [64 updated measures for eligible professionals](#).

- These are used to electronically report 2016 quality data for PQRS, EHR Incentive Programs, and Inpatient Quality Reporting Program (IQR).
- Updated specifications are available in HTML, XML, Simple XML and zip files. The technical release notes for each measure will also be available as an Excel file for download.

More information is available in the [eCQM Library](#).
