

Mid-Year Quality and Resource Use Reports

CMS has released the **2014 Mid-Year Quality and Resource Use Reports (MYQRURs)** to physician solo practitioners and groups of physicians nationwide. This includes solo practitioners and groups with physicians who participated in the Shared Savings Program, the Pioneer ACO model, or the Comprehensive Primary Care (CPC) initiative in 2014.

2014 MYQRUR Fast Facts:

- Available for **informational purposes only**
- Contains information on a subset of the measures Provides interim information about performance on the six cost and three quality outcomes measures
 - These performance measures will be used in the Annual QRUR (AQRUR) to calculate the 2016 [Value Modifier](#)
- MYQRUR information is based on care provided from 7/1/13 through 6/30/14
- More information can be found on the [2014 MYQRUR](#) webpage

How to Access the 2014 MYQRUR

Visit the [CMS Enterprise Portal](#) using a valid Individuals Authorized Access to the CMS Computer Services (IACS) account.

- ⇒ Authorized representatives can sign up for a new IACS account or modify an existing account at the [CMS Applications Portal](#).

More information about obtaining a MYQRUR can be found on the [How to Obtain a QRUR](#) webpage.
